

Novara Vanity Inset Oval Basin with taphole & overflow

Product Code: **NOBSIR3**

The Novara vanity inset basin is designed to be installed into a vanity or counter top with the rim sitting on top. Combine with a basin mixer mounted into the taphole in the top of the basin. The overflow at the front of the basin takes any excess water back to the waste.

- AS/NZ Standard AS1172.4.2019
- Inset basin
